Dear Municipal Clerk:

Subject: Notice of Minister's Order – Appointment of the York Region Chair

I am writing to inform you that I have appointed Eric Jolliffe as the Chair of the Regional Municipality of York, for a term commencing January 1, 2025, to the end of the current term of council on November 14, 2026. This appointment was made pursuant to authority provided to me under section 218.3 of the *Municipal Act, 2001*.

Please find a copy of the Minister's Order Appointing the Head of Council for the Regional Municipality of York attached for your reference.

If you have any questions related to this appointment, please contact Allyson Switzman at Allyson.Switzman@ontario.ca or by phone at 416-318-7909.

I look forward to Eric Jolliffe's leadership and contributions in serving the residents of the Region of York.

Please accept my best wishes.

Sincerely,

Hon. Paul Calandra
Minister of Municipal Affairs and Housing

Minister's Order
Appointing the Head of Council for The Regional Municipal of York
Made under Section 218.3 of the *Municipal Act, 2001*

On October 24, 2024, the head of council for The Regional Municipality of York, Wayne Emmerson, announced his retirement, effective Friday, November 29, 2024.

In accordance with section 218.3 of the *Municipal Act, 2001*, the Minister may, by order, appoint and fix the duration of the term of the head of council for The Regional Municipality of York, for the term of office beginning in 2022.

Therefore, I order that:

- 1. Effective January 1, 2025, Eric Jolliffe is appointed the head of council for The Regional Municipality of York, for a term ending on November 14, 2026.**

Arrêté ministériel
nommant le président du conseil de la municipalité régionale de York
en application de l'article 218.3 de la *Loi de 2001 sur les municipalités*

Le 24 octobre 2024, le président du conseil de la municipalité régionale de York, Wayne Emmerson, a annoncé son départ à la retraite, avec effet au vendredi 29 novembre 2024.

Conformément à l'article 218.3 de la *Loi de 2001 sur les municipalités*, pour le mandat débutant en 2022, le ministre peut, par arrêté, nommer le président du conseil de la municipalité régionale de York et fixer la durée de son mandat.

En conséquence, j'ordonne ce qui suit :

- 1. À compter du 1^{er} janvier 2025, Eric Jolliffe est nommé président du conseil de la municipalité régionale de York, pour un mandat se terminant le 14 novembre 2026.**

Overarching Question:

- Natural gas is a key part of a balanced energy mix, allowing for a realistic transition to lower emissions while ensuring energy remains affordable and reliable. We agree with the government's position that the Ontario Energy Board must ensure a rational expansion of the natural gas system to support housing and economic growth.
- Natural gas provides energy that can support municipalities during power outages or when demand is high, improving municipal reliability.
- Ontario needs an all-of-the-above approach to integrated planning. The government must ensure that all households and businesses have the necessary flexibility to meet their energy needs according to their budget and timelines.
- We need to ensure that Ontario households and businesses keep warm and safe, especially during extreme cold weather, as there is no proven, secure alternative available to meet peak winter demand.
- Maintaining a low-cost, resilient underground energy infrastructure is crucial in delivering reliable and clean power. Ensuring a sustainable future for Ontario's families and industries is imperative. Natural gas is an unmatched energy source that provides twice the energy and four to five times the maximum electricity capacity at a quarter of the cost.
- Electricity capacity is a concern and we need to ensure that Ontario's energy system is ready to meet this important moment by ensuring that all forms of energy.

Affordability/ Reliability:

- According to [Statistics Canada](#), Ontario has among the lowest rates of energy poverty in Canada, compared to Atlantic provinces who are mainly heated by electricity and propane and oil. Natural gas is an affordable and safe way to heat Ontario's homes.
- Natural gas provides municipalities with a stable and affordable energy source, which helps keep taxes lower for residents, business and public buildings like schools and hospitals.
- Natural gas delivers four to five times the maximum capacity of the electricity system at a quarter of the cost and is much less affected by climate events, thus strengthening reliability.
- Natural gas' underground infrastructure means that it is not affected by storms that can disrupt customers. Burying electricity assets is expensive. According to BC Hydro, burying electricity lines can cost up to [10 times more than building overhead](#) infrastructure.

Capacity / Economic Growth:

- Municipalities continue to attract investors to their jurisdictions. Providing investors flexibility is essential to attracting new businesses. Not all industries can fully electrify (steel, concrete). Further, not all manufacturers are willing to take a risk on a sole source of energy. Ensuring a balanced energy mix gives investors the flexibility they need for their timelines, resilience and balance sheets.
- Ontario communities need housing now and the province has several 'high-growth' areas that need more energy capacity immediately. These communities cannot wait for the electricity grid alone to support them. They need to ensure that their regions and municipalities can meet the energy needs of today.

January 6, 2025

Please be advised that during the regular Council meeting of December 17, 2024 the following motion regarding support for redistribution of the Provincial Land Transfer Tax and GST to municipalities for sustainable infrastructure funding was carried:

RESOLUTION NO. 2024-621

DATE: December 17, 2024

MOVED BY: Councillor Roberts

SECONDED BY: Councillor St-Jean

WHEREAS municipalities face growing infrastructure needs, including roads, bridges, public transit, water systems and other critical services, which are essential to community well-being and economic development;

WHEREAS municipalities are being asked to take on complex health and social challenges – like homelessness, public health costs, childcare, and many other social services, and these costs are rising every year, with limited funding from upper levels of government;

WHEREAS the current sources of municipal revenue, including property taxes and user fees, are insufficient to meet these increasing demands for infrastructure investment;

WHEREAS the Province of Ontario currently collects the Land Transfer Tax (LTT) on property transactions in municipalities across the province, generating significant revenue that is not directly shared with municipalities;

WHEREAS the Federal Government collects the Goods and Services Tax (GST) on property transactions, a portion of which could be directed to municipalities to address local infrastructure needs;

WHEREAS redistributing a portion of the Provincial Land Transfer Tax and GST to municipalities would provide a predictable and sustainable source of funding for local infrastructure projects without creating a new tax burden on residents or homebuyers;

WHEREAS a redistribution of a portion of the existing Land Transfer Tax and Federal GST would allow municipalities to better plan and invest in long-term

From the Office of the Clerk
 The Corporation of the County of Prince Edward

clerks@pecounty.on.ca | www.thecounty.ca

infrastructure initiatives, supporting local economic growth and improving the quality of life for residents; and

NOW THEREFORE BE IT RESOLVED THAT The Council of the Corporation of the County of Prince Edward:

1. Formally requests the Provincial Government to consider redistributing a portion of the Land Transfer Tax collected on property transactions to municipalities;
2. Formally requests the Federal Government to allocate a percentage of the GST collected on property sales to municipalities; and
3. **THAT** this resolution be forwarded to Prime Minister Justin Trudeau, Premier Doug Ford, the Ontario Minister of Finance, the Minister of Municipal Affairs and Housing, Bay of Quinte Member of Parliament, Ryan Williams and Member of Provincial Parliament, Tyler Allsopp; and
4. **THAT** this resolution be forwarded to all 444 Municipalities in Ontario, the Federation of Canadian Municipalities (FCM), and the Association of Municipalities of Ontario (AMO) for their endorsement and advocacy.

CARRIED

Yours truly,

Catalina Blumenberg, **CLERK**

December 19, 2024,

Dear Hon. Paul Calandra, Minister of Municipal Affairs and Housing,

Thank you for your recent communication regarding the changes to the Planning Act through the More Homes Built Faster Act, 2022, and the Cutting Red Tape to Build More Homes Act, 2024.

While we appreciate the government's efforts to address the housing supply crisis by promoting the creation of additional residential units (ARUs), we must express our concerns about the applicability of these changes in rural municipalities.

The "as-of-right" permission to develop up to three units per lot is only permitted in urban areas where municipal servicing is provided. In these areas, the demand for housing is high, and land is scarce. However, in rural municipalities, where population density is lower and land availability is not typically a constraint, these changes do not apply.

Rural municipalities often struggle with infrastructure limitations, specifically with water supply, sewage systems, and transportation networks. While these changes the Province has made does cut red tape for urban areas of Ontario, they do not address constraints rural municipalities deal with when trying to increase density without municipal servicing. Additionally, the increased residential density permitted by the amendments may not be compatible with the rural character and lifestyle that residents value.

We believe that a one-size-fits-all approach to ARU development may inadvertently overlook the distinct needs of rural communities. As municipalities in rural, Northern Ontario have before, we urge the government to consider creating tailored policies that recognize the specific conditions and requirements of rural areas, ensuring that any regulatory changes support sustainable and contextually appropriate growth.

We appreciate the opportunity to provide our feedback and look forward to working collaboratively with the Ministry of Municipal Affairs and Housing to develop solutions that are beneficial to all Ontarians and where they choose to live.

Sincerely,

Mayor, Cheryl Philip

On behalf of the Council of the Corporation of the Town of Kearney

RE: Motion for the Protection of Agricultural Lands and Sustainable Development in Relation to Provincial Projects and Excess Soil Management Practices

Please be advised that Township of Puslinch Council, at its meeting held on October 23, 2024 considered the aforementioned topic and subsequent to discussion, the following was resolved:

Resolution No. 2024-378: Moved by Councillor Hurst and
Seconded by Councillor Sepulis

Whereas the provincial government is undertaking:

- a) significant road and underground projects over the next ten years which will generate significant excess soil to be managed and disposed; and
- b) studies of underground projects that if implemented will also generate significant excess soil: and

Whereas landfill sites across Ontario are already near capacity, necessitating amendments to legislation to allow certain quality soil to be disposed at excess soil reuse sites instead of being disposed of in landfills effective January 1, 2025; and

Whereas the Ministry of the Environment, Conservation and Parks (MECP) is currently under resourced and lacks the capacity to effectively manage the additional enforcement and oversight required for the relocation of excess soil; and

Whereas the responsibility to enforce and oversee excess soil regulations is being downloaded onto municipalities, which have limited enforcement capabilities and face the risk of significant costs being passed on to local taxpayers; and

Whereas contamination of existing soil and groundwater is a significant concern, particularly in rural municipalities with valuable agricultural lands and reliance on groundwater for its residents; and

Whereas agricultural lands must be prioritized equally with housing needs, roads and underground infrastructure; failure to adequately protect these lands could exacerbate the ongoing food crisis in Ontario; and

Whereas Ontario is not alone in navigating the challenges of sustainable development, and the United Nations provides guidance through its Sustainable Development Report, which includes goals focused on economic growth, infrastructure, sustainable communities, hunger, clean water and sanitation, climate action, and life on land; and

Whereas it is critical that governments consider the comprehensive impacts on all of these areas when conducting feasibility studies and implementing projects which generate excess soil; and

Whereas neglecting to account for the broader implications of projects may lead to negative outcomes;

Therefore Be It Resolved that the Council of the Township of Puslinch calls on the provincial government to:

1. Prioritize the protection of agricultural lands in the management of excess soil from roads and underground projects and in the planning and feasibility studies related to such projects.
2. Ensure that adequate resources are allocated to the MECP to support effective enforcement and oversight of excess soil regulations.
3. Collaborate with municipalities to provide necessary support and funding for enforcement activities related to excess soil management, minimizing financial burdens on local taxpayers.
4. Conduct a comprehensive impact assessment that considers all aspects of sustainable development, in alignment with the United Nations Sustainable Development Report, before proceeding with the traffic tunnel project and any further amendments to excess soil legislation; and

That the Township of Puslinch Council direct staff to send a copy of this resolution to the Minister of the Environment, Conservation and Parks; the Premier of Ontario; all Ontario municipalities; MPP Arnott; MPP Rae; the Wellington Federation of Agriculture; and OMAFRA requesting support for the protection of agricultural lands and sustainable development practices in Ontario.

CARRIED

As per the above resolution, please accept a copy of this correspondence for your information and consideration.

Sincerely,

Justine Brotherston
Municipal Clerk

CC: All Ontario Municipalities

Yonge Street

Davis Drive to Green Lane

Town of Newmarket and Town of East Gwillimbury

York Region is transforming Yonge Street from Davis Drive to Green Lane to meet travel needs and support growth and development in the Town of Newmarket and Town of East Gwillimbury.

The advance construction phase is complete, and crews will start road widening in the months ahead. Thank you, residents and travellers for your patience while improvements are underway.

Phase 1 Completed: Fall 2024

Prepared for road widening and updated infrastructure 2021 to 2024

- Relocated utilities and telecommunications
- Built noise barrier fences, retaining walls and temporary sidewalks
- Replaced storm sewers, culverts and watermains
- Installed hydro poles, lighting and traffic signals

Through a partnership with NT Power, 68 hydro poles were installed along the two-kilometre corridor.

Relocated traffic signals at Upper Canada Mall for better alignment and to accommodate future residential development.

Retaining walls and decorative fencing prevent erosion, provide barriers and create an attractive roadway.

New traffic signals at the entrance to Canadian Tire and the Food Basics Plaza improve access and traffic flow.

Phase 2 Start: Summer 2025

Yonge Street widening and reconstruction

2025 to 2027

- Adding capacity, increasing from four to six lanes
- Installing new, wider sidewalks and cycle tracks
- Creating a centre median to reserve space for future rapid transit
- Paving the roadway and completing streetscaping

In 2025,
the number of vehicles
expected to travel along this
section of Yonge Street is
50,000
per day

Yonge Street looking south at Green Lane

Plan ahead

During construction use traffic and navigation apps to help you plan your commute and give yourself plenty of time to get to your destination. We will monitor traffic flow and adjust signal timing to keep traffic moving as efficiently as possible.

Stay informed

Via email MinisterMCCSS@ontario.ca

Dear The Honorable Doug Ford and The Honorable Michael Parsa,

I am writing on behalf of Woodstock City Council to express the urgent and pressing need for adequate and sustainable funding for the Children's Aid Society of Oxford County and other child welfare agencies throughout Ontario. These organizations play a vital role in safeguarding and enhancing the health, well-being, and safety of our children, youth, and families and deserves appropriate support and attention from our elected officials.

Our community, like many across the province, relies on the Children's Aid Society and other child welfare agencies to not only protect children and youth from abuse or neglect, but provide critical crisis intervention, early intervention, and preventative services. Their work ensures children receive necessary care at the most crucial times, close to their own homes, allowing families to remain intact and thrive together.

The lack of access to healthcare, mental health supports, poverty reduction initiatives and affordable housing is taking a toll on families and caregivers. These systemic shortfalls propel child welfare agencies into roles they were never intended to assume, filling gaps in services to ensure the well-being of children, youth, and families.

Without sufficient financial backing, these agencies are strained to a breaking point. They operate without the ability to deny families the services they desperately need. They cannot turn clients away, manage waitlists, or declare services unavailable. Yet, even with remarkable community partnerships, these agencies lack the means to expedite or ensure access to necessary treatments for those in their care.

The repercussions of this funding deficit extends well beyond individual families, affecting the community at large. Our local Children's Aid Society is supporting an ever-increasing number of youth exhibiting complex behaviors. These challenges translate into higher intervention costs, increases costs for and pressure on police and emergency service providers.

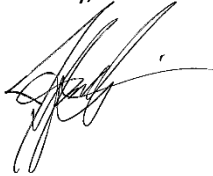

The lack of access to critical early intervention services is correlating to a distressing rise in youth homelessness. The financial sustainability and stability of the child welfare sector can no longer be deferred

for debate. It is imperative the funding formula is updated to prioritize trauma-informed, culturally relevant and proactive care.

On behalf of Woodstock City Council, I urge the province to prioritize and support the financial needs of these vital agencies. All levels of government must work together to improve upstream intervention and support to prevent the tragic outcomes we are seeing as a result of inadequate funding.

Thank you for considering this urgent matter that affects our community and its future generations.

Sincerely,

A handwritten signature in black ink, appearing to read 'Jerry Acchione', with a long horizontal flourish extending to the right.

Mayor Jerry Acchione
City of Woodstock

Re: Improvements to Catch and Release System

Please be advised that the Council of the Town of Plympton-Wyoming, at its Regular Council meeting on January 8th, 2025, passed the following motion supporting the resolution from the Town of Cobalt regarding Improvements to the Catch and Release System:

Motion #15

Moved by John van Klaveren

Seconded by Netty McEwen

That Council support correspondence item 'h' from the Town of Cobalt regarding Improvements to Catch and Release.

Carried.

If you have any questions regarding the above motion, please do not hesitate to contact me by phone or email.

Sincerely,

Ella Flynn

Toronto, ON M7A 1A1

Sent Via Email: premier@ontario.ca

Please be advised that the Council of the Town of Cobalt passed the following resolution at its Regular Meeting of Council held Tuesday, December 10, 2024.

RESOLUTION No. 2024-218

MOVED BY: Councillor Wilcox
SECONDED BY: Councillor Lafleur

WHEREAS Police Services across Ontario are exhausting precious time and resources having to manage the repeated arrests of the same offenders, which in turn, is impacting their morale, and ultimately law-abiding citizens who are paying the often significant financial and emotional toll of this broken system;

AND WHEREAS the “catch and release” system is needlessly increasing the policing costs to the Municipalities;

NOW THEREFORE BE IT RESOLVED THAT that the Corporation of the Town of Cobalt will send a letter to the Federal and Provincial Governments requesting meaningful improvements to the current state of “catch and release” justice in the Ontario legal system;

AND BE IT FURTHER RESOLVED THAT this resolution be forwarded to the Premier, the relevant federal and provincial authorities, the Rural Ontario Municipalities Association, the Federation of Northern Ontario Municipalities and all municipalities in Ontario for their endorsement consideration.

Thank you,

Steven Dalley
Town Manager, Clerk/Treasurer

Re: Motion regarding Opposition to Provincial Legislation on Cycling Lanes and Support for Municipal Authority in Transportation Planning

At their Regular Meeting of Council on January 8, 2025, the Council of the Town of Aylmer endorsed the following resolution:

WHEREAS the Government of Ontario has announced legislation requiring provincial approval for new cycling lanes;

AND WHEREAS this legislation would compel municipalities to demonstrate that proposed cycling lanes will not negatively impact vehicle traffic;

AND WHEREAS cycling infrastructure is crucial for environmental transportation, road safety, and public health, and provincial oversight in this matter represents an unwarranted intrusion into municipal authority;

AND WHEREAS the Town of Aylmer is evolving an active transportation plan to enhance walking and cycling infrastructure;

AND WHEREAS the Association of Municipalities of Ontario (AMO) has strongly criticized this proposed legislation as a "significant overreach" into municipal jurisdiction;

AND WHEREAS AMO has stated that none of its 444 member municipalities were consulted or shown evidence justifying the province's proposed veto power over new bike lanes;

THEREFORE, BE IT RESOLVED:

1. That the Town of Aylmer strongly opposes the proposed provincial legislation governing bicycle lanes and affirms its support for maintaining municipal jurisdiction over cycling infrastructure decisions.

The Corporation of the Town of Aylmer
46 Talbot Street West, Aylmer, Ontario N5H 1J7
Office: 519-773-3164 Fax: 519-765-1446
www.aylmer.ca

2. That the Town of Aylmer endorses the AMO's position that municipalities are better positioned than the Ministry of Transportation to make decisions about local transportation matters based on local knowledge and community input.
3. That the Town of Aylmer calls on the Government of Ontario to withdraw the proposed legislation and respect the established authority of municipalities to make informed decisions about local transportation needs, including the implementation of cycling lanes.
4. That the Town of Aylmer reaffirms its commitment to its transportation plan and the continued development of safe, environmentally friendly, efficient cycling infrastructure for the benefit of all residents.
5. That the Town Clerk be directed to forward a copy of this resolution to the Premier of Ontario, the Minister of Transportation, the Member of Provincial Parliament representing constituencies within the Elgin-Middlesex-London region, to the Association of Municipalities of Ontario (amo@amo.on.ca) and all Municipalities in Ontario.
6. That the Town of Aylmer calls upon municipalities across Ontario to adopt similar resolutions in defense of local decision-making authority and sustainable, efficient and environmentally friendly transportation planning.

Thank you,

Re: Property Taxation Implications Related to Non-Market Valuation of Electricity Industry Properties

Please be advised that the Council of the Town of Plympton-Wyoming, at its Regular Council meeting on January 8th, 2025, passed the following motion supporting the resolution from the Municipality of Kincardine regarding Property Taxation Implications Related to Non-Market Valuation of Electricity Industry Properties:

Motion #14

Moved by Bob Woolvett

Seconded by John van Klaveren

That Council support correspondence item 'g' from the Municipality of Kincardine regarding Property Taxation Implications.

Carried.

If you have any questions regarding the above motion, please do not hesitate to contact me by phone or email.

Sincerely,

Ella Flynn
eflynn@plympton-wyoming.ca
Executive Assistant – Deputy Clerk
Town of Plympton-Wyoming

Cc: Association of Municipalities of Ontario
All Ontario Municipalities

Council Meeting

Motion # 12/11/24 - 02
Title: Property Taxation Implications Related to Non-Market Valuation of Electricity Industry Properties, CAO General-2024-33
Date: Wednesday, December 11, 2024

Moved by: Rory Cavanagh

Seconded by: Beth Blackwell

Whereas the Municipality of Kincardine is a proud host community of the Bruce Nuclear Generating Site where Bruce Power generates 30% of Ontario's electricity needs; and

Whereas two decades ago the Province of Ontario adopted a property tax assessment model that continues to apply to Ontario's nuclear generation facilities; and

Whereas the Province assessment model includes non-market property valuation for electricity generating properties; and

Whereas the Municipality of Kincardine undertook a study in 2024 which has shown that the Provincial assessment model is compromising fairness and shifting the tax burden away from the electricity industry properties and onto the broader property tax base within the host community; and

Whereas the study demonstrated that this is primarily attributable to the assessed value of the subject properties being held almost static over several reassessment cycles, resulting from the Provincially prescribed rules for electricity generating, transmission and distribution properties; and

Whereas the Provincial model results in a disparity between the continuously updated market values assigned to the majority of properties and the static, non-market-based formula applied to electricity industry properties means that the tax burden shifts onto non-industry taxpayers; and

Now Therefore be it Resolved That municipal staff be directed to send communication to the Premier of Ontario, Minister of Energy and Electrification, the Minister of Finance, and the local MPP, to request that the Province undertake an immediate review and update the property tax assessment model for Ontario's nuclear generation facilities and other properties within the electricity industry, and copy the Association of Municipalities of Ontario and all Ontario Municipalities.

Carried.

Dear Honourable Doug Ford

Re: Heritage Advisory Committee

Please be advised that South Huron Council passed the following resolution at their October 7, 2024, Regular Council Meeting:

Motion: 355-2024
Moved By: Aaron Neeb
Seconded by: Marissa Vaughan

Whereas the South Huron Heritage Advisory Committee has presented a letter to South Huron Council outlining concerns regarding heritage preservation in South Huron; and

Whereas prior to Royal Assent of the More Homes Built Faster Act, 2022 Subsection 29(1.2) of the Ontario Heritage Act provided Council of a Municipality the opportunity to give a notice of intention to designate a property within 90 days of a prescribed event; and

Whereas the More Homes Built Faster Act, 2022 amended Subsection 29(1.2) of the Ontario Heritage Act to provide that Council may give notice of intention to designate a property only if the property is listed in the register under subsection 27 (3), or a predecessor of that subsection, as of the date of the prescribed event; and

Whereas the Heritage Advisory Committee has noted concerns regarding this amendment limiting the authority of municipal councils to designate properties with the potential to undermine the effectiveness of heritage preservation efforts across the province; and

Whereas the Heritage Advisory Committee has provided correspondence, attached hereto, to South Huron Council in relation to the concerns requesting Council support and to communicate these concerns to the Province and forward a copy of this motion to the Association of Municipalities of Ontario, Municipal Councils across the province, and Provincial MPP.

Now therefore be it resolved that the Corporation for the Municipality of South Huron request the Province reconsider the amendment to Subsection 29(1.2) of the Ontario Heritage Act; and that this motion and attached correspondence be forwarded to the Premier of Ontario, Minister of Municipal Affairs and Housing, Minister of Citizenship and Multiculturalism, Association of Municipalities of Ontario, Municipal Councils across the province and MPP Thompson

Result: Carried

July 31, 2024

The Heritage Advisory Committee for the Municipality of South Huron wishes to thank South Huron Council for their support of resolution 128-2024 of March 18, responding to the Town of Coburg's request of February 28 for support regarding a proposed amendment to subsection 27(16) of the Ontario Heritage Act.

In addition to the concerns South Huron council supported in resolution 128-2024, our committee would like to add that we have additional concerns about amendments to the Ontario Heritage Act implemented by Bill 23 that have direct impact on our local community and - more broadly - the Province of Ontario.

Specifically, subsection 29 (1.2) of the Heritage Act traditionally provided that if a prescribed event occurs, a notice of intention to designate a property must be given within 90 days of the prescribed event. These prescribed events include the submission of development applications under the Planning Act, for example. However, with changes from Bill 23, this subsection is re-enacted to also provide that the municipality may only give a notice of intention to designate the property within 90 days if the property was already included in the register under subsection 27 (3) as of the date of the prescribed event.

This raises significant concerns for our committee. Specifically, we are troubled by the proposed amendments that would limit the authority of municipal councils to designate properties that are not already listed on a municipal register. In South Huron, like many other municipalities around Ontario, there are countless significant structures that are not yet listed under subsection 27 (3), and these changes significantly limit efforts of council to react to proposed demolitions of significant heritage properties in our municipality after planning applications are made.

We believe that these changes have the potential to undermine the effectiveness of heritage preservation efforts in our community and across the province. By weakening the protections afforded to heritage properties and reducing the ability of municipalities to designate and safeguard significant sites, we risk irreparable loss to our built and cultural heritage.

We urge council to carefully consider the implications of the changes to the Ontario Heritage Act under Bill 23 and to advocate for amendments that strengthen rather than weaken heritage preservation efforts. Specifically, we would ask that the province re-establish the 90 day period that had previously been a part of the Ontario Heritage Act for all properties, not just those already listed in the register under subsection 27 (3).

We ask that you pass a resolution to add our specific concerns to those you have already supported, and communicate these to the Province of Ontario. We also ask that you circulate this letter and seek the support of other municipalities.

Thank you for your attention to this important matter, and we look forward to our continued work together.

Sincerely,

South Huron Heritage Advisory Committee

Sample Resolution:

Whereas prior to Royal Assent of the More Homes Built Faster Act, 2022 Subsection 29(1.2) of the Ontario Heritage Act provided Council of a Municipality the opportunity to give a notice of intention to designate a property within 90 days of a prescribed event; and

Whereas the More Homes Built Faster Act, 2022 amended Subsection 29(1.2) of the Ontario Heritage Act to provide that Council may give notice of intention to designate a property only if the property is listed in the register under subsection 27 (3), or a predecessor of that subsection, as of the date of the prescribed event;

Whereas the Heritage Advisory Committee has noted concerns regarding this amendment limiting the authority of municipal councils to designate properties with the potential to undermine the effectiveness of heritage preservation efforts across the province; and

Whereas the Heritage Advisory Committee has provided correspondence, attached hereto, to South Huron Council in relation to the concerns requesting Council support and to communicate these concerns to the Province and forward a copy of this motion to the Association of Municipalities of Ontario, Municipal Councils across the province, and Provincial MPP.

Now therefore be it resolved that the Corporation for the Municipality of South Huron request the Province reconsider the amendment to Subsection 29(1.2) of the Ontario Heritage Act; and that this motion and attached correspondence be forwarded to the Premier of Ontario, Minister of Municipal Affairs and Housing, Minister of Citizenship and Multiculturalism, Association of Municipalities of Ontario, Municipal Councils across the province and MPP Thompson.

RE: Child Welfare Funding

Dear Premier Ford:

The Council of the Corporation of the County of Renfrew, at their regular meeting on October 30, 2024, passed the following resolution regarding Child Welfare Funding. Council and our community are deeply concerned about the ongoing funding reductions to the child welfare sector. Renfrew County is experiencing a significant rise in complex social challenges within our communities, placing a heavy strain on local resources and hindering our ability to effectively support families in need.

WHEREAS the County of Renfrew and the City of Pembroke have no financial obligations concerning the funding of Child Welfare agencies; and

WHEREAS the Financial Accountability Office in June 2024 identified issues with funding in the Child Welfare sector; and

WHEREAS Family and Children's Services of Renfrew County has experienced a funding cut of \$1.59 million, or 10.8%, over the past ten years; and

WHEREAS Family and Children's Services of Renfrew County was provided planning allocations reflecting a further funding reduction of \$963, 603 over the next two years; and

WHEREAS Family and Children's Services of Renfrew County has achieved administrative efficiencies as a multi-service agency, has implemented various cost mitigation measures, including reductions in staff and services, and has reached a point where further measures could negatively impact children at risk and their families; and

WHEREAS both the County of Renfrew and the City of Pembroke are committed to improving the health and safety of their residents; and

NOW, THEREFORE BE IT RESOLVED that the County of Renfrew and the City of Pembroke formally request the Province of Ontario to consult with and collaborate with Child Welfare agencies to develop an updated and equitable Child Welfare funding formula; and

BE IT FURTHER RESOLVED that the newly developed funding formula be structured to ensure an equitable and proportionate distribution that meets the diverse, unique, individual, and complex needs of the communities and populations served; and

BE IT FURTHER RESOLVED that the Warden of the County of Renfrew and the Mayor of the City of Pembroke be directed to write a letter to Minister Parsa expressing their concerns and request a

meeting in the fall of 2024 or to submit a joint delegation request for the 2025 Rural Ontario Municipal Association (ROMA) conference;

AND THAT this resolution be shared with Premier Doug Ford, Renfrew-Nipissing-Pembroke MPP John Yakabuski, Association of Municipalities of Ontario (AMO), Rural Ontario Municipal Association (ROMA), Eastern Ontario Wardens' Caucus (EOWC), Eastern Ontario Mayors' Caucus (EOMC), Ontario Association of Children's Aid Societies (OACAS), and local municipalities.

A compounding challenge impacting our community is that the County of Renfrew has recently declared a state of emergency in response to the opioid crisis, with our service partner, the City of Pembroke, experiencing overdose death rates per capita that are twice the national average. Family and Children's Services of Renfrew County has been negatively impacted by a funding reduction of \$1.59 million over the past ten years and is facing a further cut of \$963,603 over the next two years. This continued erosion to the investment in our local child welfare agency will jeopardize the safety and wellbeing of vulnerable children and their families. The cuts will diminish the agency's capacity to offer essential support to those with the greatest need within our small and largely rural communities.

The social determinants of health play a critical role in shaping children's wellbeing, influencing their development, educational success, and overall health outcomes. For children in communities with geographic isolation and underdeveloped services such as we experience, these determinants become even more pronounced. In Renfrew County, families often face challenges such as limited access to quality healthcare, mental health support, and educational resources.

The lack of these essential services can result in children experiencing higher rates of chronic illnesses, mental health issues, and developmental delays. Furthermore, many families throughout our region are experiencing economic hardships, which can lead to poor nutrition, unstable housing, and heightened exposure to environmental stressors. Again, I am sure you will agree, all of which negatively impact children's long-term health and wellbeing.

Maintaining consistent funding for our rural agency that provides child protection and essential support services is vital. Without adequate financial support for these critical services, vulnerable children may not receive the interventions they need to develop and thrive. Child protection agencies are essential in safeguarding children from abuse and neglect while helping to address emotional and psychological challenges early in life, setting children on a path to healthier futures.

In an area like Renfrew County with limited clinical and assistive infrastructure, these services often become a lifeline, helping to mitigate the impact of social determinants on child health. Prioritizing funding for these services can help break the cycle of disadvantage, promote healthier environments, and ensure that all children have the opportunity to reach their full potential.

Thank you for your interest in our most vulnerable age group in our community.

Sincerely,

Peter Emon, Warden
County of Renfrew

warden@countyofrenfrew.on.ca

RE: Requesting the Redistribution of the Provincial Land Transfer Tax and GST to Municipalities for Sustainable Infrastructure Funding

Dear Mr. Ford,

Please be advised that at the Regular Council Meeting on January 8th, 2025, Council for the Corporation of the Township of Brudenell, Lyndoch and Raglan passed the following resolution, supporting the resolution from the Township of Russell requesting the Redistribution of the Provincial Land Transfer Tax and GST to Municipalities for Sustainable Infrastructure Funding

Resolution No: 2025-01-08-14
Moved by: Councillor Banks
Seconded by: Councillor Keller

"Be it resolved that the Council for the Corporation of the Township of Brudenell, Lyndoch and Raglan support the resolution passed by the Township of Russell requesting the Redistribution of the Provincial Land Transfer Tax and GST to Municipalities for Sustainable Infrastructure Funding;

And further that this resolution be forwarded to the Prime Minister Justin Trudeau, the Honourable Doug Ford, Premier of Ontario, the Ontario Minister of Finance, the Minister of Municipal Affairs and Housing, local Members of Parliament (MPs) and Members of Provincial Parliament (MPPs); and all 444 Municipalities in Ontario."

Carried.

Sincerely,

Tammy Thompson

Tammy Thompson
Deputy Clerk
Township of Brudenell, Lyndoch and Raglan

3. BE IT FURTHER RESOLVED THAT this redistribution of the Land Transfer Tax and GST should be structured to provide predictable and sustainable funding to municipalities, allowing for better long-term planning and investment in infrastructure projects that benefit local communities, thus ensuring that local governments receive a fair share of the revenue to address critical infrastructure needs; and

4. BE IT FURTHER RESOLVED THAT copies of this resolution be forwarded to Prime Minister Justin Trudeau, Premier Doug Ford, the Ontario Minister of Finance, the Minister of Municipal Affairs and Housing, local Members of Parliament (MPs) and Members of Provincial Parliament (MPPs); and

5. BE IT FURTHER RESOLVED THAT copies of this resolution be forwarded to all 444 Municipalities in Ontario, the Federation of Canadian Municipalities (FCM), and the Association of Municipalities of Ontario (AMO) for their endorsement and advocacy

MOTION APPROVED

I, Joanne Camiré Laflamme, Clerk of the Corporation of the Township of Russell, hereby certify that the foregoing is a true copy of the resolution adopted by the Council of the Corporation of the Township of Russell on the 12th day of November 2024.

Joanne Camiré Laflamme
Clerk

Ministry of Finance
Frost Building South
7th Floor
7 Queen's Park Crescent
Toronto, ON M7A 1Y7

Dear Peter Bethlengalvy,

Re: TAPMO Letter Regarding Pre-Budget Announcement

Please be advised that South Huron Council passed the following resolution at their January 13, 2025 Regular Council Meeting:

Motion: 15-2025

Moved: M. Vaughan

Seconded: T. Oke

Whereas the Ministry of Finance has introduced a one-time \$7 million reduction in education taxes in 2024, a subsidy that will be absorbed by the province through a 95% reduction in education taxes—marking the first such subsidy provided by the province to any industry;

Whereas the Ministry of Finance's plans to introduce a new aggregate property sub-class in 2025, which is set to provide a \$6 million subsidy to the aggregate industry, with \$3 million of that subsidy being transferred back to the municipal (primarily residential) tax base, raises serious concerns about the fairness and equity of the system;

Whereas the claims that the new sub-class will provide tax stability and predictability seem hollow and do not address the

systemic inequities in the taxation framework, which continues to shift an undue burden onto municipal taxpayers, particularly those in rural areas who host these aggregate operations;

Whereas there is significant concern that the government's actions prioritize the interests of the aggregate industry over the financial realities faced by municipalities and their residents, and that this shift in burden undermines public trust in the fairness and integrity of Ontario's legal and tax frameworks;

Whereas TAPMO has presented evidence demonstrating that the aggregate industry is financially capable of meeting its tax obligations, including substantial profits and royalty payments made by industry leaders, further undermining the need for these subsidies;

Whereas the municipal taxpayer should not bear the cost of correcting a past error in assessment methodology that unfairly benefited the aggregate industry, and the new property tax class ratio risks further undermining the principle of revenue neutrality and eroding confidence in Ontario's legal and tax systems;

Therefore be it resolved that the Council of the Municipality of South Huron strongly objects to the undue burden being placed on municipal taxpayers to subsidize the aggregate industry, and calls on the provincial government to:

Reevaluate and correct the misguided subsidies being provided to the aggregate sector, and ensure that future tax policies are fair, equitable, and consistent for all taxpayers.

1. Uphold the principles of revenue neutrality in the aggregate tax framework and ensure that any new tax classifications or methodologies do not result in a net loss of revenue for municipalities, especially those that are already facing significant financial challenges.

**CORPORATION OF THE MUNICIPALITY OF SOUTH HURON**

322 Main Street South P.O. Box 759

Exeter Ontario

NOM 1S6

Phone: 519-235-0310 Fax: 519-235-3304

Toll Free: 1-877-204-0747

www.southhuron.ca

2. Commit to meaningful reform that ensures fairness and consistency across all sectors of the economy and actively engages municipalities and taxpayers in a transparent and inclusive process, rather than catering to the demands of the aggregate industry.

3. Take immediate action to correct the existing inequities in the tax framework, ensuring that the burden of this correction is not unjustly shifted to municipal taxpayers, particularly those in rural communities who host these operations.

4. Respect and uphold the integrity of the legal process by honouring the decisions of the Divisional Court and ensuring that all assessment methodologies are transparent, accountable, and based on a fair and balanced approach.

5. Further, be it resolved that the Council of the Municipality of South Huron supports TAPMO's call for the provincial government to adopt reforms that prioritize the needs and fairness of municipal taxpayers and to ensure that the aggregate sector contributes its fair share to the province's tax base; and

Further be it resolved that this resolution be forwarded to the Minister of Finance, the Minister of Municipal Affairs and Housing, local school boards, AMO, ROMA, Local MPP, all Ontario Municipalities and the Municipal Property Assessment Corporation.

RE: TAPMO Letter regarding Pre Budget Announcement

Please be advised that Township of Puslinch Council, at its meeting held on November 27, 2024 considered the aforementioned topic and subsequent to discussion, the following was resolved:

Resolution No. 2024-430:

Moved by Councillor Sepulis and
Seconded by Councillor Bailey

That the Consent Agenda items listed with the exception of items 6.10, 6.11, and 6.12 for NOVEMBER 27, 2024 Council meeting be received for information; and

Whereas the Township of Puslinch Council supports the information provided by TAPMO to member municipalities of TAPMO; and

Whereas the Township of Puslinch Council sees the value and significance of circulating this information provided by TAPMO to all Ontario municipalities;

Therefore, that Council directs staff to forward items 6.10, 6.11, and 6.12 to all Ontario municipalities; and

That Council direct staff to forward the following resolution to the Minister of Finance, the Minister of Municipal Affairs and Housing, local school board trustees, AMO, ROMA, Local MPP, all Ontario Municipalities and the Municipal Property Assessment Corporation:

Whereas the Ministry of Finance has introduced a one-time \$7 million reduction in education taxes in 2024, a subsidy that will be absorbed by the province through a 95% reduction in education taxes—marking the first such subsidy provided by the province to any industry;

Whereas the Ministry of Finance’s plans to introduce a new aggregate property sub-class in 2025, which is set to provide a \$6 million subsidy to the aggregate industry, with \$3 million of that subsidy being transferred back to the municipal (primarily residential) tax base, raises serious concerns about the fairness and equity of the system;

Whereas the claims that the new sub-class will provide tax stability and predictability seem hollow and do not address the systemic inequities in the taxation framework, which continues to shift an undue burden onto municipal taxpayers, particularly those in rural areas who host these aggregate operations;

Whereas there is significant concern that the government’s actions prioritize the interests of the aggregate industry over the financial realities faced by municipalities and their residents, and that this shift in burden undermines public trust in the fairness and integrity of Ontario’s legal and tax frameworks;

Whereas TAPMO has presented evidence demonstrating that the aggregate industry is financially capable of meeting its tax obligations, including substantial profits and royalty payments made by industry leaders, further undermining the need for these subsidies;

Whereas the municipal taxpayer should not bear the cost of correcting a past error in assessment methodology that unfairly benefited then aggregate industry, and the new

property tax class ratio risks further undermining the principle of revenue neutrality and eroding confidence in Ontario's legal and tax systems;

Therefore be it resolved that the Council of the Township of Puslinch strongly objects to the undue burden being placed on municipal taxpayers to subsidize the aggregate industry, and calls on the provincial government to:

Reevaluate and correct the misguided subsidies being provided to the aggregate sector, and ensure that future tax policies are fair, equitable, and consistent for all taxpayers.

1. Uphold the principles of revenue neutrality in the aggregate tax framework and ensure that any new tax classifications or methodologies do not result in a net loss of revenue for municipalities, especially those that are already facing significant financial challenges.

2. Commit to meaningful reform that ensures fairness and consistency across all sectors of the economy, and actively engages municipalities and taxpayers in a transparent and inclusive process, rather than catering to the demands of the aggregate industry.

3. Take immediate action to correct the existing inequities in the tax framework, ensuring that the burden of this correction is not unjustly shifted to municipal taxpayers, particularly those in rural communities who host these operations.

4. Respect and uphold the integrity of the legal process by honouring the decisions of the Divisional Court and ensuring that all assessment methodologies are transparent, accountable, and based on a fair and balanced approach.

5. Further be it resolved that the Council Township of Puslinch supports TAPMO's call for the provincial government to adopt reforms that prioritize the needs and fairness of municipal taxpayers and to ensure that the aggregate sector contributes its fair share to the province's tax base; and

Further be it resolved that this resolution be forwarded to the Minister of Finance, the Minister of Municipal Affairs and Housing, local school board trustees, AMO, ROMA,

Local MPP, all Ontario Municipalities and the Municipal Property Assessment Corporation.

CARRIED

As per the above resolution, please accept a copy of this correspondence for your information and consideration.

Sincerely,

Justine Brotherston
Municipal Clerk

Ministry of Finance
Frost Building South, 7th Floor
7 Queen's Park Crescent
Toronto, ON M7A 1Y7

Dear Premier Ford and Minister Bethlenfalvy:

Re: Pre Budget Announcement

As you are aware there was a lengthy Assessment Review Board hearing as well as a divisional court ruling increasing the taxes paid by the aggregate sector due to an inappropriate tax relief mechanism implemented by MPAC.

TAPMO recognizes funding for rural, small and northern municipalities is proposed to see an increase in OMPF funding. This increase is very much appreciated. This increase will begin to address the farm tax rebate shortfalls that rural, small and northern municipalities have been experiencing under the former program. Increasing this funding ensures all Ontarians are supporting farmers and not just the residents that call home to small, rural and northern communities. The impact of Provincially significant programs needs to be absorbed by all Ontarians.

If it is the desire of the Government to provide special treatment to one sector and burdening this special treatment on small, rural and northern communities (where most aggregate operations exist), TAPMO is of the opinion that an aggregate subsidy is not appropriate and should be borne by all Ontarians.

The pre budget announcement provides \$200 to every Ontarian, adding approximately \$3 billion to the Ontario budget. If the Government is willing to add \$3 billion to the deficit. Carrying over the 95% reduction in education tax relief absorbed by all Ontarians for 2024, would have added \$7 million to the total deficit for 2025 or 0.11666667% additional deficit.

TAPMO request the following questioned to be answered:

Explain the justification of increasing taxes on small, rural and northern municipalities which are host to most aggregate operations, to provide a preferential tax relief to the aggregate sector, versus absorbing any relief through increased deficit for all Ontarians?

Yours truly,

James Seeley

His Worship James Seeley
Chair, Top Aggregate Producing Municipalities of Ontario (TAPMO)
jseeley@puslinch.ca

Don MacLeod
Executive Director, TAPMO
executivedirector@tapmo.ca

Dear Mayor Seeley and Mr. MacLeod:

Thank you for your letter about the new aggregate extraction property class.

As noted in my letter of October 3, the Province will be setting municipal tax ratios and education tax rates for the new aggregate extraction property class to provide tax mitigation for properties in the class. The plan is to provide an overall \$6M tax reduction to properties in the class relative to the original 2024 tax level, comprised of \$3M municipal tax and \$3M education tax. While the specific tax ratios and impacts will not be available until after the assessments for 2025 are finalized by the Municipal Property Assessment Corporation (MPAC), the intention is that municipalities overall will still benefit from the majority of the incremental tax revenues that resulted from the assessment methodology changes implemented by MPAC for 2024.

More details will be shared when they become available. We appreciate the importance of providing municipalities with as much time as possible to support their budgetary planning. We have taken note of your request to receive this information by November 30th and will endeavour to provide the data as close to this date as possible.

Regarding your request that TAPMO be included in consultations during 2025, that is an important part of our plan. We will be reaching out to TAPMO as well as the aggregate sector, and working with MPAC and the Ministry of Natural Resources, to seek more detailed information regarding aggregate activities and discuss possible updates to the definition of the property class.

The government understands the challenges small and rural municipalities face. In this regard, in the 2024 Fall Economic Statement announced the Ontario Municipal Partnership Fund will be increased by \$100 million (20% increase) annually. This will be phased in over two years with an immediate \$50 million increase in 2025.

TAPMO

November Newsletter

INTRODUCING TAPMO'S EXECUTIVE DIRECTOR

Don MacLeod held the position of Chief Administrative Officer for the Township of Zorra from 1996 to 2024. The Township of Zorra is in the top 10 aggregate producing municipalities in Ontario. Recently, Don transitioned into the role of Executive Director for TAPMO. With this wealth of experience, Don is particularly well-suited to continue the success of TAPMO in developing a sustainable plan for aggregate extraction across Ontario.

Property Taxation Changes and Concerns for Municipalities

Following an appeal decision of the Divisional Court, the Municipal Property Assessment Corporation (MPAC) revised the assessment methodology and property tax classification of aggregate sites to ensure sector-wide consistency, resulting in tax changes for pits and quarries across the province for 2024 (an increase of \$12M municipal and \$5M education). These properties continue to be assessed based on the province-wide valuation date of January 1, 2016, but the methodology used to derive those values has been modified in line with the court ruling. This legal process was spearheaded by Wellington County. In a troubling response to the Divisional Court decision, the Ministry of Finance has introduced a one-time (2024) \$7 million education tax reduction, to mitigate the impact of these changes on the aggregate industry. This reduction will be absorbed by the province through a 95% reduction in education taxes, which is the first time this kind of a subsidy is being provided by the province for any industry.

Looking ahead to the 2025 tax year, a new aggregate property sub-class is set to be introduced, but the intent to create improved tax stability and predictability feels hollow. The sub-class will result in a \$6 million subsidy for the aggregate industry, \$3 million of which is being transferred back to the municipal (primarily residential) tax base. The tax subsidy will be funneled through a temporary property tax sub-class within the industrial property category, with MPAC and local municipalities tasked with its implementation. However, the claim that this newly established sub-class will provide stability and predictability raises serious concerns. Instead of genuinely addressing the inequities in the system, it seems to merely provide an unwarranted tax break to the aggregate industry, while shifting the burden onto municipal taxpayers and perpetuating an unjust structure.

The government's approach appears to prioritize the interests of the aggregate sector over the financial realities faced by municipalities and their constituents. MPAC's collaboration with the aggregate sector and the Ministry of Finance (MOF) to gather detailed information on aggregate sites may result in more of the same, rather than meaningful reform. While the government claims this refined data will support future discussions with the Ontario Stone, Sand & Gravel Association (OSSGA) and municipalities, the focus seems skewed toward accommodating industry demands rather than ensuring fairness and accountability for all taxpayers. This direction threatens to undermine any hope of establishing a principled and sustainable approach to aggregate taxation, leaving communities to bear the consequences.

Property Taxation Changes and Concerns for Municipalities

continued from page 2

In light of these changes, TAPMO wishes to voice serious concerns regarding the new tax class ratio established by the Ministry of Finance. Contrary to fostering a revenue-neutral outcome, this adjustment is expected to lead to \$3 million being refunded directly from local taxpayers to the aggregate industry starting in 2025 and beyond. Neither the Ministry nor representatives from the aggregate industry have provided sufficient justification for what seems to be a residential taxpayer-funded subsidy to benefit a for-profit industry. Concerns from both the Ministry of Finance and the aggregate sector highlight that potential cost increases for residential housing stemming from the Assessment Review Board (ARB) ruling have not been adequately assessed or documented. Claims suggesting a mere \$3-4 increase per Ontarian fail to capture the disproportionate impact this assessment framework will have on rural residents, who predominantly host these aggregate operations.

The OSSGA has yet to provide conclusive evidence of the industry's inability to contribute its fair share of taxes. In fact, TAPMO has presented evidence indicating that aggregate producers can meet their tax obligations. For example, Dufferin (CRH) paid \$2 million in royalties to the University of Guelph in 2023, while St. Mary's Cement (CBM Canada) reported total net revenues of \$109,785,000 USD for aggregate products in their 2022 financial statements.

While TAPMO recognizes that tax increases on any property class may be unpopular, we argue that the aggregate industry has long benefited from an inappropriate tax discount. The Divisional Court ruling clarified that MPAC lacked the authority to grant such tax relief. The municipal taxpayers should not have to provide tax relief to the industry as a result of correcting an inappropriate tax benefit that the industry has come to expect. The new property tax class ratio fails to maintain revenue neutrality and threatens to erode trust in Ontario's legal frameworks. Ontarians deserve confidence that these processes are respected and upheld.

TAPMO remains committed to advocating for fair and equitable taxation practices that support both municipal taxpayers and the sustainability of our communities. The future of Ontario's aggregate taxation framework must prioritize transparency, fairness, and the principles of revenue neutrality.

Property Taxation Changes and Concerns for Municipalities - What's Next?

TAPMO is urging members to raise awareness of this issue by requesting your Municipal Council consider supporting the following motion:

Whereas the Ministry of Finance has introduced a one-time \$7 million reduction in education taxes in 2024, a subsidy that will be absorbed by the province through a 95% reduction in education taxes—marking the first such subsidy provided by the province to any industry;

Whereas the Ministry of Finance's plans to introduce a new aggregate property sub-class in 2025, which is set to provide a \$6 million subsidy to the aggregate industry, with \$3 million of that subsidy being transferred back to the municipal (primarily residential) tax base, raises serious concerns about the fairness and equity of the system;

Whereas the claims that the new sub-class will provide tax stability and predictability seem hollow and do not address the systemic inequities in the taxation framework, which continues to shift an undue burden onto municipal taxpayers, particularly those in rural areas who host these aggregate operations;

Whereas there is significant concern that the government's actions prioritize the interests of the aggregate industry over the financial realities faced by municipalities and their residents, and that this shift in burden undermines public trust in the fairness and integrity of Ontario's legal and tax frameworks;

Whereas TAPMO has presented evidence demonstrating that the aggregate industry is financially capable of meeting its tax obligations, including substantial profits and royalty payments made by industry leaders, further undermining the need for these subsidies;

Whereas the municipal taxpayer should not bear the cost of correcting a past error in assessment methodology that unfairly benefited the aggregate industry, and the new property tax class ratio risks further undermining the principle of revenue neutrality and eroding confidence in Ontario's legal and tax systems;

Therefore be it resolved that the Council [INSERT MUNICIPALITY] strongly objects to the undue burden being placed on municipal taxpayers to subsidize the aggregate industry, and calls on the provincial government to:

1. Reevaluate and correct the misguided subsidies being provided to the aggregate sector, and ensure that future tax policies are fair, equitable, and consistent for all taxpayers.
2. Uphold the principles of revenue neutrality in the aggregate tax framework and ensure that any new tax classifications or methodologies do not result in a net loss of revenue for municipalities, especially those that are already facing significant financial challenges.
3. Commit to meaningful reform that ensures fairness and consistency across all sectors of the economy, and actively engages municipalities and taxpayers in a transparent and inclusive process, rather than catering to the demands of the aggregate industry.
4. Take immediate action to correct the existing inequities in the tax framework, ensuring that the burden of this correction is not unjustly shifted to municipal taxpayers, particularly those in rural communities who host these operations.
5. Respect and uphold the integrity of the legal process by honouring the decisions of the Divisional Court and ensuring that all assessment methodologies are transparent, accountable, and based on a fair and balanced approach.

Further be it resolved that the Council [INSERT MUNICIPALITY] supports TAPMO's call for the provincial government to adopt reforms that prioritize the needs and fairness of municipal taxpayers and to ensure that the aggregate sector contributes its fair share to the province's tax base; and

Further be it resolved that this resolution be forwarded to the Minister of Finance, the Minister of Municipal Affairs and Housing, local school boards, AMO, ROMA, Local MPP, all Ontario Municipalities and the Municipal Property Assessment Corporation.

Ministry of Finance
Frost Building South, 7th Floor
7 Queen's Park Crescent
Toronto, ON M7A 1Y7

Dear Minister Bethlenfalvy:

Re: Aggregate Assessment

I am writing to raise TAPMO's concerns with the new tax class ratio for aggregate operations that does not maintain a revenue neutral outcome. TAPMO has been informed that the new tax class ratio will result in \$3 million of assessment being refunded to the aggregate industry for 2025 and beyond.

To date, neither the Ministry nor the aggregate industry has provided any justification for this residential taxpayer funded subsidy. The concerns raised by the MOF and the aggregate industry indicate that the potential cost increase for residential housing resulting from the ARB ruling applied across the province has not been thoroughly assessed or documented. Impacts of \$3-4 dollars per Ontarian are not accurate. Most aggregate operations are located in rural municipalities, thus rural residents will be providing this relief on a disproportionate level.

I would draw your attention to the developments in the Town of Erin. Developers are largely paying nearly \$200 million in up-front cost to build a wastewater treatment facility. This cost will be a direct pass through to the cost of the homes serviced by the treatment plant. In comparison, a revenue neutral tax class would be adding less than a quarter dollar to the cost of per tonne of aggregate.

Generally speaking, in Ontario, the provincial framework we strive to achieve is known at the municipal level as "Growth pays for Growth". Taxing aggregate properly brings us as a society closer to achieving that result. The aggregate tax class ratio does not support the revenue neutral tax outcome, nor does it support the principle of "Growth pays for Growth".

The OSSGA has failed to bring definitive evidence of the industry's inability to pay their fair share of taxes. Quite contrary, TAPMO has provided evidence of the ability of producers to pay their fair share. We are referencing the royalties Dufferin paid the University of Guelph (\$2 million in 2023). Further to the point, St. Mary's Cement's (CBM Canada) audited 2022 Financial Statements indicate a total net revenue for aggregate products at a whopping \$109,785,000 USD.

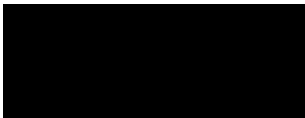

TAPMO recognizes that any increase of taxes on any property class would likely not be welcome. Unfortunately, as recorded in the Divisional Court decision, MPAC did not have the legislative authority to be providing tax relief (page 12 note 55 of the decision) that the industry experienced from 2016 onward. The aggregate industry is accustomed to an inappropriate tax discount. In TAPMO's view, residential taxpayers should not have to provide tax relief to the industry as a result of correcting an inappropriate tax benefit that the industry had come to expect. We respectfully reassert our position that OSSGA has not brought forward evidence to support their claim, other than highlighting the displeasure of paying more taxes. We have also not received evidence from the MOF supporting this relief for 2025 and beyond.

Lastly, we are deeply concerned that the lengthy and expensive legal process undertaken by Wellington County, and the decisions ordered by both the Assessment Review Board and Divisional Court is being undermined. This is particularly concerning given that the ARB decision was upheld. The new property tax class ratio fails to maintain a revenue-neutral tax assessment and undermines the legal process, which incurred significant costs for Wellington County taxpayers. This is extremely disturbing; Ontarians must have confidence in the legal processes in Ontario. Undermining the ARB assessment through a property tax class ratio that does not preserve revenue neutrality erodes that trust.

It is essential that discussions be inclusive and that any future assessment changes involve a fair and balanced approach in consultation with municipal partners, not just the aggregate sector.

TAPMO thanks the Ministry for the opportunity to comment on this very important issue and we look forward to strengthening this relationship.

Yours truly,

A solid black rectangular box used to redact the signature of James Seeley.

The Honourable Doug Ford
Premier of Ontario
964 Albion Road
Unit 110 (Second floor)
Etobicoke, ON M9V 1A7

Dear Hon. Justin Trudeau and Hon. Doug Ford:

**Re: Redistribution of the Provincial Land Transfer Tax and GST to Municipalities
for Sustainable Infrastructure Funding**

At their regular meeting of January 15, 2025, Council of the Town of Pelham endorsed the following:

WHEREAS municipalities face growing infrastructure needs, including roads, bridges, public transit, water systems, and other critical services, which are essential to community well-being and economic development;

AND WHEREAS the current sources of municipal revenue, including property taxes and user fees, are insufficient to meet these increasing demands for infrastructure investment; and Whereas the Province of Ontario currently collects the Land Transfer Tax (LTT) on property transactions in municipalities across the province, generating significant revenue that is not directly shared with municipalities;

AND WHEREAS the Federal Government collects the Goods and Services Tax (GST) on property transactions, a portion of which could be directed to municipalities to address local infrastructure needs;

AND WHEREAS redistributing a portion of the Provincial Land Transfer Tax and GST to municipalities would provide a predictable and sustainable source of funding for local infrastructure projects without creating a new tax burden on residents or homebuyers;

AND WHEREAS a redistribution of a portion of the existing Land Transfer Tax and GST would allow municipalities to better plan and invest in long-term infrastructure initiatives, supporting local economic growth and improving the quality of life for residents;

NOW THEREFORE BE IT RESOLVED:

1. **THAT** Town of Pelham Council formally requests the Provincial Government to consider redistributing a portion of the Land Transfer Tax collected on property transactions to municipalities;
2. **AND THAT** Town of Pelham Council calls on the Federal Government to allocate a percentage of the GST collected on property sales to municipalities;
3. **AND THAT** this redistribution of the Land Transfer Tax and GST should be structured to provide predictable and sustainable funding to municipalities, allowing for better long-term planning and investment in infrastructure projects that benefit local communities, thus ensuring that local governments receive a fair share of the revenue to address critical infrastructure needs;
4. **AND THAT** copies of this resolution be forwarded to Prime Minister Justin Trudeau, Premier Doug Ford, the Ontario Minister of Finance, the Minister of Municipal Affairs and Housing, local Members of Parliament (MPs) and Members of Provincial Parliament (MPPs);
5. **AND THAT** copies of this resolution be forwarded to all 444 Municipalities in Ontario, the Federation of Canadian Municipalities (FCM), and the Association of Municipalities of Ontario (AMO) for their endorsement and advocacy.
