## PUBLIC NOTICES

### BACK TO SCHOOL SAFETY TIPS

School is back in session! Whether you're a pedestrian or driver, safety is everyone's responsibility. **Remember to:**

- Always cross the street at school crossing guard locations/intersections.
- Avoid using any mobile device or wearing headphones that will distract you while crossing the street.
- As a driver, keep your hands on the wheel and eyes on the road.
- Remember to drive according to the posted speed limit in school zones.
- Slow down on residential streets

### REGISTER FOR FALL RECREATION & CULTURE PROGRAMS!

Newmarket residents and non-residents can now register for a variety of Recreation & Culture activities for the fall season.

**Information:** [newmarket.ca/activityguide](http://newmarket.ca/activityguide)

### GRASS MAINTENANCE IN NEWMARKET

Keeping your grass (or lawn cover) trimmed under 8 inches is important to:

- Discourage the possible infestation of vermin and rodents.
- Keep walkways clear of obstructions and hazards.

Help keep Newmarket beautiful, safe and pest free by maintaining the grass on your property and the adjacent boulevards, which is any grassed area in front, behind or beside your property.

### PROPERTY TAXES DUE SEPTEMBER 25

The next instalment of property taxes is due on **September 25**. You can pay in-person at a Town facility or by phone or online through your bank. The Town also provides multiple ways to pay.

**Information:** [newmarket.ca/propertytaxes](http://newmarket.ca/propertytaxes)

### 3 REASONS WHY YOUR WASTE MATERIALS WERE NOT PICKED UP AT THE CURB

Waste materials left at the curb? Here's are three possible reasons why:

1. Extra cardboard boxes were not flattened and tied with string or twine (no rope).
2. Improper use of containers for waste and improper items left at the curb.
3. Items not left at the curb by 7 a.m.

Familiarize yourself with the Town's waste collection requirements to make sure your waste materials are picked up.

### PROTECT YOUR PROPERTY FROM RODENTS

Rodents like rats and mice are common pests in the GTA that affect all municipalities.

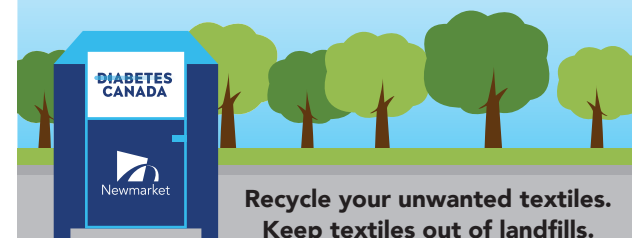

Follow these simple tips to protect your property from rodents:

1. Do not leave food (or pet food) outside that will attract rodents and wildlife.
2. Store garbage and waste in animal-resistant containers.
3. If composting, keep the compost contents moist, turn them regularly and try to bury the food scraps as deep as possible. Avoid putting meat and dairy products as this will attract rodents.
4. Remove clutter, debris, and wood piles as these are common areas that rodents use to seek shelter.
5. Cut tall grass and weeds around your property.

### BE A GOOD NEIGHBOUR. KEEP YOUR PETS ON A LEASH AND PICK UP AFTER THEM

All pets must be leashed at all times when on public property except when at the Newmarket Off-leash Dog Park. Please be courteous as not everyone is comfortable with dogs. Please also remember to bring waste bags to pick-up after your pet and dispose of the waste in waste receptacles.
